### Highlights

- Recommended for powering larger servers, laser printers and other network devices
- 3-ft. (0.91 m) length allows flexibility in placing devices, while avoiding cable clutter
- Thick 14 AWG wire gauge manages high power levels required for larger equipment
- Locking C13 connector maintains secure link to avoid loss of power and costly downtime

### Applications

- Connect devices like computers, large servers and laser printers to a PDU up to 3 ft. away in your data center
- Extend an existing power connection up to 3 ft. to more easily place a device or reach a power source in a rack
- Update or replace the standard power cord provided by a device's original manufacturer

### Package Includes

- P007-L03 IEC-320-C13 to NEMA 5-15P Power Cord, Locking C13 Connector, 3 ft., Black

Not for use in European Markets

# Computer Power Cord, NEMA 5-15P to Locking C13 - Heavy-Duty, 15A, 125V, 14 AWG, 3 ft. (0.91 m), Black

MODEL NUMBER: **P007-L03**

Computer power cord connects a server, computer, monitor, printer or other device with a C14 inlet to an AC outlet on a PDU.

## Features

**NEMA 5-15P to C13 Power Cable for Devices That Require a Heavy-Gauge Connection**This IEC-320-C13 to NEMA 5-15P power cord features 14 AWG wire suitable for high power connections, making it a reliable solution for large server applications that require a higher-rated, heavier-gauge cable. You can use it to connect a computer, server, monitor, laser printer or drive to a PDU, UPS, surge protector or AC wall outlet. It can also replace or upgrade the standard power cord provided by the device's manufacturer. The three-foot length helps reduce cable clutter and minimize the risk of tripping.

**Locking C13 Connector Helps Prevent Accidental Disconnection and Expensive Downtime**Having a cable come loose accidentally can mean the loss of power and costly downtime. The locking C13 connector helps you avoid such danger, protecting critical equipment by maintaining a secure link without failure. The locking cable is also invaluable when moving equipment in a rack or removing equipment from tight areas, ensuring the power cord always stays connected.

**Lifetime Warranty**The P007-L03 is backed by a lifetime warranty, ensuring reliability and performance.
