

Specification Sheet

Part Number: MSNP1-70

The ASNP and MSNP snapper tools are used for the material-protective and efficient fixing of the snapper.

While the smaller MSNP tool is employed in case of snapper installation on site (ideal for fitters), the ASNP tools offer particular advantages in series production.

By means of an attachment screw, the draw-in area can be limited, by which an overstretching of the snapper is prevented.

Mechanical Vertical Snapper Hose Clamp Tool for Snappers 1-70, 1/Pkg

Article Number 191-01700

Type MSNP1-70

Color Yellow (YE)

Quantity Per box

Product Description The ASNP and MSNP snapper tools are used for the material-protective and efficient fixing of the snapper. While the smaller MSNP tool is employed in case of snapper installation on site (ideal for fitters), the ASNP tools offer particular advantages in series production. By means of an attachment screw, the draw-in area can be limited, by which an overstretching of the snapper is prevented.

Short Description	Mechanical Vertical Snapper Hose Clamp Tool for Snappers 1-70, 1/Pkg
Global Part Name	MSNP1-70-MET/PL-YE
Tension Setting Tools	Manual
Material	Plastic (PL) Metal (MET)
Material Shortcut	PL MET
Reach Compliant (Article 33)	Yes
ROHS Compliant	Yes
Package Quantity (Imperial)	1
Package Quantity (Metric)	1
Customs Number	8205599000
