## Assembly

Always mount dispensers securely prior to loading with product.

**1**

To secure base to column, turn column upside down (with top plate down) and place base inverted, as shown, on column.

**2**

Use Phillips screwdriver to secure base to column with (4x) screws (10-32 x 5/16").

**3**

Turn stand right side up, so the base is on the floor.

**4**

Attach the BW004-0512 Bottle Holder to the column using (4x) screws included with stand. Tighten.

**5**

Bottles can be secured with a zip-tie or cable from the handle to the top ring, if added security is needed.

### Parts included:

- Base
- Column
- Bottle Holder - 1 Gallon

- Hardware
  - (8x) 10-32 x 5/16" Phillips head screws

### Tools Required:

- Phillips Screwdriver
- Flathead Screwdriver

**BW004-0512**

Powder-Coated Aluminum

**Designed for Long-Term Use**

Our powder-coated aluminum dispensers resist corrosion, chipping, and flaking. It is lightweight, yet high in strength. This material will provide long-lasting products that hold up well, even in tough environments.

Powder-coated aluminum is ideal for dispensers used in a healthcare or industrial settings. It is impact resistant and is not affected by extremes in temperature.

Dispensers made of powder-coated aluminum are clean, bright, and attractive, creating a professional appearance.

**KS010-0412**

Powder-Coated Steel

**Material Characteristics****Designed for Long-Term Use**

Our steel dispensers and stands are coated with polyester powders which makes them highly resistant to corrosion.

Powder-coated steel is ideal for dispensers used in a healthcare or an industrial setting because it is impact resistant and is not affected by extremes in temperature.

Dispensers and stands made of powder-coated steel are both attractive and functional, providing years of service.

**Care and Cleaning**

For best results, clean by washing the surface with a diluted solution of a mild, non-abrasive detergent in cold or warm water and a non-abrasive cloth. Standard hospital cleaning supplies can be used.

Dry with a soft cloth. Do not use any solvent-based materials, abrasives (e.g. Scotch-brite, steel wool), or apply excessive force during cleaning.
