Shock-Safe Fuseholder, 5 x 20 mm, Slotted Cap/Fingergrip, horizontal, IEC 60335-1

Closed fuseholder 5 x 20 mm horizontal with slot

Solder from front side horizontal with finger grip fingergrip

# 250 VAC · 2.5 W / 10 A (VDE) · 500 V · 16 A (UL/CSA)

#### Description

- Compact design
- Horizontal style

**Technical Data** 

- Heading with fingergrip and slotted available

#### See below: Approvals and Compliances

#### Applications

Household appliancesMedical Equipment

| Overvoltage Category         | II acc. to IEC 60664-1                     |
| Pollution Degree             | 2 acc. to IEC 60664-1                      |
| Resistance to Vibration      | acc. to IEC 60068-2-6, test Fc             |

#### **Approvals and Compliances**

Detailed information on product approvals, code requirements, usage instructions and detailed test conditions can be looked up in Details about Approvals

SCHURTER products are designed for use in industrial environments. They have approvals from independent testing bodies according to national and international standards. Products with specific characteristics and requirements such as required in the automotive sector according to IATF 16949, medical technology according to ISO 13485 or in the aerospace industry can be offered exclusively with customer-specific, individual agreements by SCHURTER.

#### Approvals

The approval mark is used by the testing authorities to certify compliance with the safety requirements placed on electronic products. Approval Reference Type: FPG5
