

Bolt End Cutting Nippers

high lever transmission

DIN ISO 5743

61

Powerful, compact, comfortable

- > features a greater cutting capacity and requires less effort than conventional end cutting nippers
- > cuts nails, small bolts and all wires including piano wire
- > exceptional cutting capacity due to high leverage joint
- > cutting edge hardness (approx. 64 HRC)
- > vanadium steel; forged, multi stage oil-hardened

61 02 200

Slim two-color multi-component sleeves for better handling and easier transport; large contact surface on the handles for better allotment of pressure and more comfort at work

High cutting performance: also for piano wire

61 01 200

45°

61 02 200

45°

Perfect for working with fencing

Almost flush cutting of bolts, nails, etc.

Product Number	Packaging	Inch mm		Pliers	Head	Handles	Cutting capacities				lbs

61 02 200		8 200	45°	black atramentized	polished	slim multi-component grips	3/64 - 15/64 1.0 - 6.0	5/32 4.0	9/64 3.5	1/8 3.0	1.03

High Leverage End Cutting Nippers

DIN ISO 5748

67

- > cutting edges for soft, hard and piano wire
- > high cutting capacity with minimal effort due to optimum coordination of cutting edge angle and transmission ratio
- > cutting edge hardness (approx. 64 HRC)
- > chrome vanadium heavy-duty steel; forged, multi stage oil-hardened

67 01 200
