

# WXUP MS

Product no.: T0052923099

## Benefits

- › Intelligent Ultra soldering iron 150 W, 24 V
- › Military Standard (MIL-SPEC)
- › For very big components with high energy demand
- › For WX station
- › Parameter memory such as standby temperatures, automatic switch-off time
- › Reduces total costs of ownership due to motion sensor
- › RTU MS solder tips can be changed quickly and easily
- › Active Tip (Cartridge)-System allows exchange of soldering tip despite a hot soldering iron

### Technical Data

|                                           |         |
|-------------------------------------------|---------|
| Active Tip heating element technology     | on      |
| Power Response heating element technology | ---     |
| Silver Line heating element technology    | ---     |
| Voltage                                   | 24 V    |
| Power                                     | 150 W   |
| Tip range                                 | RTU MS  |
| Supply unit                               | ---     |
| WX-compatible                             | on      |
| Temperature range °C                      | ---     |
| Temperature range °F                      | ---     |
| Heating time                              | 7       |
| Safety rest                               | WSR 200 |
| Safety rest (optional)                    | ---     |
| Barrel                                    | ---     |
| Integrated direct extraction              | ---     |
