

## MT8/8-CC90-AN

Ruland T-Connector Mini-Clamp, Thru Holes 8mmx8mm, Length 26.0mm,  
Black Anodized Aluminum

### Description

Ruland MT8/8-CC90-AN is a 90 degree connector with a thru hole for 8mm round tube, blind hole for 8mm round tube, and 26.0mm overall length. It is designed to fit on Ruland tubes and flange bolt bases that begin with MT8. MT8/8-CC90-AN is aluminum with a black anodized finish and screws are 304 stainless steel for added corrosion resistance when compared to unplated types. This 90 degree connector clamp is commonly used to support tubes for mounting sensors, screens, reflectors, plexiglass machine guards, and other industrial components. The blind hole reduces complication in assembly and limits the possibility of a mistake being made by inserting a tube too far into the connector for it to function properly. The thru hole allows designers flexibility to reposition the clamp or tube as needed. MT8-ALK-M4-16 adjustable clamping lever can be used in place of standard clamp hardware for rapid repositioning of the tube or connector without the need for tools. MT8/8-CC90-AN is manufactured by Otto Ganter, inventoried by Ruland, and RoHS3 compliant.

### Product Specifications

<b>Thru Hole 1 Diameter B1</b>	8 mm	<b>Thru Hole 2 Diameter B2</b>	8 mm
<b>Thru Hole Tolerance</b>	+0.09/-0 mm	<b>Body Length L1</b>	26 mm
<b>Edge To Center L2</b>	13 mm	<b>Screw To Edge LS</b>	5.5 mm
<b>Hole Depth T</b>	8 mm	<b>Width &amp; Height W1</b>	16 mm
<b>Clamp Screw CL</b>	M4	<b>Set Screw SS</b>	M4
<b>Weight (lbs)</b>	0.035300	<b>Material Specification</b>	Anodized Aluminum
<b>Manufacturer</b>	JW Winco/ Otto Ganter	<b>UPC</b>	634529232040
<b>Country of Origin</b>	Germany	<b>Tariff Code</b>	7609.00.0000
